Dear Sports Enthusiast,

The Home Depot team, along with Crystal Hanlon, President of Northern Division, takes great pleasure in welcoming you to the tenth annual Clays for the Cure event. We are looking forward to seeing those returning, and also excited to welcome new participants. Because of the competitive spirit, camaraderie, and generosity demonstrated last year, once again, we were able to hit our target for breast cancer research!

The proceeds from the 2018 Clays for the Cure event supported the UPMC Magee Metastatic breast cancer research team. Generous support from the Clays for the Cure event has enabled our MBC research team to study and generate preliminary data regarding the effectiveness of liquid biopsy as an innovative strategy to evaluate tumors. In addition, it has also provided a patient navigator to connect breast cancer patients with the services they need and a research navigator to help them gain access to clinical trials. Your support has made all this possible, we are very grateful.

Once again, we have received great feedback from last year, encouraging us to make this another two day event. We will be hosting a dinner on Wednesday evening, with the clays shoot to take place on Thursday. We will be holding one flight only this year- with spots limited to 120 shooters. Please understand it will be first come, first placed! For anyone arriving early on Wednesday and looking for something to do, you may want to take advantage of the many amenities Seven Springs has to offer. If you need help scheduling an activity, please contact a Seven Springs concierge at 800-452-2223, ext. 5000. The Home Depot and A Glimmer of Hope Foundation would like to thank you in advance for your continued support for such a worthy cause!
